TREATMENT MENU

A PLACE TO RETREAT A MOMENT TO RETURN

In the stillness between doing and being, there is a space to retreat.
A place to unwind, to restore, to begin again.

At Aurora, we offer more than treatments — we create transformative experiences that invite you to slow down and reconnect. Grounded in over two decades of wellness expertise and guided by evidence-based care, each experience is a modern-day ritual designed to restore vitality, balance the nervous system, and nourish the whole self.

Through regenerative massage, advanced skin therapies, elemental bathing and immersive body rituals, Aurora becomes your personal retreat — a sanctuary where rest is revered and presence is reclaimed.

This is not luxury.
This is your return to self.
And we are here to guide the way.

BATHING

Where Water Becomes Ritual

Step into a subterranean sanctuary where water becomes a sacred guide — cleansing, calming, and calling you back to the gentle rhythm of your breath.

Rooted in the philosophy of balance, this journey harmonizes tradition with the natural rhythm of the Australian landscape. Follow the rhythm of hot, cold, and rest — or let your own intuition lead the way.

BODY TREATMENTS

Where rejuvenation meets the art of unwinding, our body rituals are a journey for your entire being. Experience the gentle embrace of ASPAR's skin-loving formulations, expertly paired with techniques that detoxify, tone, and awaken the skin's natural vitality.

Detoxifying Body Wrap — 1.5hr/\$250

Detoxify. Revitalise. Refine.

Embark on a journey of detoxification and renewal. Start with a grapefruit-infused salt exfoliation to awaken your skin. Wrapped in lemon myrtle green clay, enriched with organic bentonite, impurities dissolve while minerals calm and replenish. Drift into stillness with a soothing scalp massage. Conclude with an electro-mechanical lymphatic drainage massage to stimulate circulation and enhance contour. Emerge renewed in body and spirit, grounded and glowing.

Wattleseed Body Smoother — 1hr/\$205

Smooth. Hydrated. Radiant.

Reveal luminous skin with dual-action exfoliation. A wattleseed and walnut scrub refines and encourages cellular renewal. Once polished, your skin is drenched in ASPAR's essential oil-infused body oil and rich cream, restoring hydration and vitality. The result is radiant, smooth skin and a lingering sense of relaxation.

Radiant Pregnant Pause — 1.5hr/\$250

Prenatal Relief. Reconnection. Calm.

A nurturing ritual for mothers-to-be, designed to soothe and restore. Begin with a tension-releasing scalp massage and a hydrating belly mask with hyaluronic acid and sea plant extracts. A gentle body exfoliation follows, calming with aloe and vitamin E. Finally, surrender to a full-body massage with pregnancy-safe botanical oils and ASPAR's nourishing cream. This treatment supports circulation, eases discomfort, and invites peace and connection, leaving you replenished for the journey ahead.

SPA FACIALS

Step into a haven of calm, where each facial gently nurtures your skin with the botanically active ASPAR skincare. Our treatments harness the power of native ingredients to restore balance and reveal your natural radiance, leaving you refreshed and renewed.

Botanical Spa Facial —————1.5hr/\$205

Radiant. Harmony. Renewal.

Retreat into a sanctuary of gentle renewal, where each step is a soothing embrace of nature's finest. Our Botanical Spa Facial invites your skin to soften and glow with the nurturing power of ASPAR's botanically active ingredients, including the brightening Kakadu plum and refining wattleseed extract. Begin with a gentle double cleanse that refreshes, followed by a calming exfoliation and deeply nourishing mask. An acupressure facial massage, enhanced by the tranquil glide of jade rollers, works to lift and tone, restoring a natural, luminous glow to your skin.

Holistic Facial Therapy —————1.5hr/\$280

Serene. Rejuvenation. Balance.

Find your haven of tranquility and transformation with our Holistic Facial Therapy. Your journey begins with a soothing massage for the back, neck, and shoulders, dissolving tension and inviting a sense of calm. A bespoke blend of botanically active products follows, cleansing, exfoliating, and nourishing your skin. Through expert acupressure and the gentle wisdom of Ayurvedic Kansa wands, we lift and invigorate, while citrine, rose quartz, and blue quartz crystals balance energies, creating a cocoon of healing. Awaken to a refreshed and naturally radiant complexion, enveloped in a serene glow, as you gently return to a state of inner peace and renewal.

SKIN HEALTH MEDI-FACIALS

Unveil the true potential of your skin with a transformative Osmosis facial. Crafted by Dr. Ben Johnson, this skin health treatment offers medical-grade results through the use of all-natural, optimally formulated ingredients. Designed to support dermal remodelling, Osmosis works at a cellular level to restore balance and vitality across all skin types.

Vitamin Infusion Facial ————— 1hr/\$225

Revitalise. Strengthen. Illuminate.

A gentle, restorative treatment that harnesses the synergy of nature and innovation. This non-invasive Osmosis facial supports the skin's natural healing ability with liposomal retinaldehyde, a pioneering form of retinol that strengthens the barrier, softens signs of ageing, and promotes cellular renewal. The RevitaPen Pro creates microchannels that allow bioactive nutrients to penetrate deeply, enhancing repair and resilience. The result is luminous, fortified skin, refreshed from within.

Skin Health Medi Facial ————— 1.5hr/\$320

Restore. Rejuvenate. Transform.

Where clinical skin science meets holistic care. This extended Osmosis facial is tailored to suit all skin types, even the most sensitive. With the RevitaPen Pro, microchannels are gently created to enhance absorption of active ingredients, promoting improved firmness, hydration, and clarity while visibly softening pigmentation and uneven tone. A cooling rose quartz massage soothes inflammation, reduces puffiness, and encourages circulation. The experience is deeply restorative, inviting a cellular reset and a lasting, radiant glow.

MASSAGE

In the gentle embrace of massage, the body finds its natural rhythm once more. This ancient practice is a gateway to balance, offering profound benefits that ripple through every system — circulatory, immune, nervous, cardiovascular, respiratory, and digestive. It is a purposeful journey of release and renewal, inviting you to step into a space of tranquility and healing.

Each massage begins with a grounding mindfulness moment and a warm foot compress, gently drawing you into presence and preparing the body to receive.

Soothing Bliss Massage ————— 1hr/\$205
1.5hr/\$280

Calm. Restore. Ease.

Our most beloved massage, refined over decades of practice. Long, flowing strokes combine with your choice of pressure, from light to medium, to encourage lymphatic drainage, improve circulation, ease muscular tension, and calm the nervous system. Your therapist will customize the experience to your focus areas, using your chosen ASPAR oil blend to guide you into a state of complete ease.

Recovery Massage ————— 1hr/\$210
1.5hr/\$285

Rejuvenate. Restore. Revive.

Designed to gently ease the body into recovery, this massage offers a nurturing touch to relieve stress and tension. With medium to firm pressure, it focuses on soothing fatigued muscles, especially in the back, neck, shoulders, and head. The warmth of rosemary and clove muscle balm enhances circulation and promotes a sense of renewal. Perfect for those seeking a comforting embrace that revitalizes both body and mind, without the intensity of deep tissue work.

MASSAGE (CONT.)

Himalayan Sound and Stone Massage — 1.5hr/\$290

Balance. Restore. Resonate.

A deeply grounding experience that draws on the healing properties of Himalayan salt stones and sound therapy. Warm, mineral-rich stones glide over the body, nourishing the skin with 84 trace elements, while the rhythmic tones of percussion help dissolve tension. Meridian line techniques are used to unblock energetic stagnation, restoring vitality and balance from within. Ideal for those seeking deep relaxation, emotional recalibration, and energetic realignment.

Personalise. Focus. Relax.

Designed for those who know exactly what they need or simply want their massage deeply personalized.
